

Accident Insurance

Coverage that helps pay for expenses that may not be covered under your medical plan.

What is accident insurance?

Accident insurance works to supplement your medical coverage — and pays in addition to what your medical plan may or may not cover. It's coverage that helps provide a financial cushion for life's unexpected events by providing you with a lump-sum payment when your family needs it most. The payment you receive is yours to spend however you like. It pays for the expenses of medical tests, services, treatments or care for one of more than 150 covered events, as defined in your group certificate. This includes hospitalization resulting from an accident, and accidental death or dismemberment.¹

Q. How does the payment work?

A. We make payments directly to you.

The amount you receive will be in addition to any other insurance you might have, and you can spend it however you like. You might use it to help pay for medical plan deductibles and co-pays, out-of-network care, or even for your family's everyday living expenses. Whatever you need while recovering from an accident or injury, accident insurance is there to make life a little easier.

Q. Am I eligible to enroll for this coverage?

A. Yes, you can enroll both yourself and eligible family members. All you need to do is enroll during your enrollment period and be actively at work.

Q. I have a medical plan at work, so why do I need accident insurance?

A. Accidents can happen anytime, anywhere and always when you least expect them. What's more they can be costly.

Even the best medical plans can leave you with extra expenses to pay for services that just aren't covered. Things like plan deductibles, co-pays, extra costs for out-of-network care, or extra costs non-covered services. Many people aren't prepared to handle these extra costs, so having this extra financial support when the time comes may mean less worry for you and your family.

Accident insurance is a way for you to supplement your health care plan.

A. Accident insurance may cost less than you think. It's designed to be an economical way to supplement your health care plan. Exact rates can be found in the enrollment materials provided by your employer.

Q. How do I pay for my coverage?

Q. When does my coverage begin?

A. Right away — your coverage starts on the effective date of your coverage. There are no waiting periods for it to begin.

Q. Are benefits paid directly to me or my health care provider?

A. Payments will be paid directly to you, not to the doctors, to the hospitals or to any other health care providers; the check is made payable to you. There's no need to coordinate this coverage with any other insurance you may have. Benefits are paid no matter what your other insurance plans may cover.

Q. If my employment status changes, can I take my coverage with me?
